

# ROUND LAKE

MUSIC

Dear collegiate music education students,

On behalf of the National Band Association and Round Lake High School, we would like to extend an invitation to you to our first collegiate workshop on Wednesday, January 11. We know that providing opportunities like this not only helps developing educators advance their skills and knowledge, but also provides a great benefit for high school students to interact and learn from a variety of individuals with different backgrounds and perspectives.

The days' schedule is listed below. When you register, you will be able to vote for session topics that you are interested in hearing more about. The rehearsal portions on the schedule are to provide constructive criticism as if evaluating a student teacher or as a supervisor in a public school system. We want to provide an experience that will supplement your current education and provide information in areas where your curriculum may not have gone into great detail.

To register, you must complete two online forms. You can view both of these forms by clicking on the links or visiting [roundlakemusic.com/nbaworkshop](http://roundlakemusic.com/nbaworkshop)

1. [Registration Form](#)
2. [District Information Form](#) (Background check required by Round Lake Areas Schools CUSD #116 for any individual that will be in contact with a student.)

Registration will close on Friday, January 6. Additional details about parking, entering the school, and other important information will be sent out within a couple days of registration closing.

## SCHEDULE
